## JANUARY 2020 GENERAL MEMBERSHIP MEETING WILL FEATURE STATE PRIMARY REPUBLICAN CANDIDATES

January 27, 2020 is the date of the first meeting of the decade for the Hemet San Jacinto Congress of Republicans. The scheduled meeting will feature State Republican Primary candidates in Republican contested races.

The HSJCR has invited Roselicie Ochoa Bogh and Lloyd White, who are vying for the 23rd State Senate District seat currently held by Senator Mike Morrell.

The 67th Assembly District encompassing a section of Hemet has several candidates vying for the spot recently vacated by Assemblywoman Melissa Melendez. Invited from the 67th are Steve Manos, Nick Pardue, Kelly Seyarto, and Jeremy Smith.

Candidates will be given time to address the membership and to answer a limited number of questions.

This is an excellent opportunity for members to meet on a personal level candidates who will be on the March Primary ballot. One of the candidates from each race will be representing parts of the Valley in Sacramento.

As California now has an early March Primary, candidates for other state and federal offices are welcome.

## Roosevelt on the Environment:

"To waste, to destroy, our natural resources, to skin and exhaust the land instead of using it so as to increase its usefulness, will result in undermining in the days of our children the very prosperity which we ought by right to hand down to them amplified and developed.

## CALIFORNIA REPUBLICAN PARTY

(Excerpts from January article by CRP Chairwoman Jessica Millan Patterson)

In his inaugural address one year ago, Gov. Gavin Newsom said of California, "This is where America's future is made. This is our charge. That is our calling."

Gov. Newsom has had a full year, and a supermajority of Democrats in the Legislature. And yet with this power and ability to fix California's pressing problems, I must give Gov. Newsom a solid F for his first year in office.

California has serious issues and needs serious leaders to fix them. Unfortunately, our governor has spent much of his first year grabbing headlines with unnecessary fights with the federal government and ignoring the Californians he was elected to protect. Please allow me to be more specific:

- Homelessness Crisis, F. California's homelessness epidemic is out of control and is worsening. In the year that he has been at the helm, California's homelessness crisis has exploded. According to [US News and World Report](#), "The most populous state in the United States, California saw the largest spike to its homeless population with an increase of 21,306 people in 2019, which was more than the total national increase of every other state combined."

- Housing Costs, F. There is no relief from Golden State's skyrocketing housing costs. Red tape often hinders housing development or makes the costs prohibitively high so new projects take years to complete or are abandoned altogether. Where is Gov. Newsom?

Instead of helping people who can't find an affordable place to live, he is fast-tracking a new sports arena for his rich buddies in

Los Angeles. It is yet another example of Gov. Newsom forgetting the people he was elected to serve.

- Transparency, F. The hallmark of untrustworthy politicians is when they say one thing and do another. There is no better example than Gov. Newsom's [raid on California's gas tax](#). While Californians struggle to pay the highest gas taxes in the country, Newsom is unilaterally deciding to move that money away from its promised goal: fixing our broken roads. California's roads are crumbling and our infrastructure is a mess. Yet these funds are being moved away from roads to other uses of the governor's choosing.
- Education, F. California's schools are failing our children. We consistently rank low in education nationwide, yet Gov. Newsom and the Democrats, emboldened by their union supporters, have done nothing.

Gov. Newsom and the Democrats have been beholden for far too long to the teachers' unions, which in turn fail the best and brightest teachers .... That must change. Our state's future depends on it.

The governor's failures during his first year in office, with almost blind support from the Democrats in the Legislature, show that California needs new leadership to address the problems we face.

We are rebuilding the [California Republican Party](#) from the ground up, and are proud of the new, diverse and hard-working candidates who are running for seats throughout the state. We are excited for the inclusive party we are building, and look forward to showing California what the California Republican Comeback will mean for your families, your communities, and our state.

## NINE HOLLYWOOD TRUMP BACKERS

(Newsmax. Michael Dorstewitz. December 2019 page 56)

So strong is Hollywood's leftist wrath against Donald Trump that when a recent presidential fundraiser was held in Beverly Hills, the venue had to remain a closely held secret in order to protect the safety—and careers—of the donors. Despite the frenzy surrounding the impeachment inquiry, here are nine intrepid Trump supporters who refuse to kowtow to the left coast's groupthink.

Jon Voight, 80; James Woods, 72; Robert Davi, 68; Kelsey Grammer, 64; Kirstie Alley, 68; Kevin Sorbo, 61; Scott Baio, 59; Kanye West, 42; and Kristy Swanson, 49.

Quote from James Woods: "Astonishing what Trump has done with this economy, and all despite a two-year drag on his efforts by the worst mob in history."

## SB 673 – HEARING DATE IN JANUARY

Senator Mike Morrell

Since 2015, parents across the state have expressed concern about the new *controversial sex education curriculum* being used in public schools following the passage of AB 329 (“California Healthy Youth Act”) by Democrat Assembly-member Shirley Weber (San Diego).

Many have shared that it can be **challenging** to get information on lesson plans and other materials from local school districts and that the Department of Education website can seem **difficult** to navigate.

After hearing these stories and experiences, I introduced [Senate Bill 673](#) to put parents back in control of their children’s schooling by creating greater **choice** and **transparency** when it comes to sex education.

Thousands of Californians have been involved in this issue over the last several years. An online petition supporting SB 673 now has more than **46,000 signatures**.

Momentum is building and the plan is to bring the bill before the Senate Education Committee on **January 15, 2020 at 9 a.m. in Room 4203 of the State Capitol in Sacramento.**

My staff and I have done our best to put together a website that contains information on the bill as well as *curricula being used by school districts or recommended by the state*.

The goal is to outline the issue for parents so that they can view the materials and learn about ways to join in the push for **accountability** in this subject area.

You can view the website at this link: <https://cssrc.us/issue/getting-educated-sex-ed-debate>. If you have any additional questions, please feel free to contact my office at (916) 651-4023.

Thank you for your efforts in working toward **full disclosure** and **transparency** for parents and families in California. Together we can put parents back in control of their children’s education.

*Senator Mike Morrell represents the 23rd Senate District in the California Legislature, which includes Hemet and San Jacinto..*

## QUOTABLE QUOTES

“Don’t let anyone tell you that America’s best days are behind her, that the American spirit has been vanquished. We’ve seen it triumph too often in our lives to stop believing in it now.”  
**President Ronald Reagan**

“As long as we remember our first principles and believe in ourselves, the future will always be ours.”  
**President Ronald Reagan**

“Let terrorists beware that when the rules of international behavior are violated, our policy will be one of swift and effective retribution.”  
**President Ronald Reagan**

“The best executive is one who has sense enough to pick good people to do what he wants done, and self-restraint enough to keep from meddling with them while they do it.”  
**President Theodore Roosevelt**

“A man who never has gone to school may steal from a freight car, but if he has a university education, he may steal from the whole railroad.”  
**President Theodore Roosevelt**

## TRIVIA

How important does a person have to be before they are considered assassinated instead of just murdered?

How is it that we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

Did you ever notice that when you blow in a dog’s face, he gets made at you, but when you take him for a car ride, he sticks his head out the window?

People want the front of the bus, the back of the church, and the center of attention.

There was a very gracious lady who was mailing an old family Bible to her brother in another part of the country. “Is there anything breakable in here?” sked the postal clerk. “Only the Ten Commandments” answered the lady, kindly.
