## President's Message: The challenge of our Times

Over half the voting public believes there was significant fraud in the 2020 presidential election. I'm not sure if I am more upset that the fraud reached the level it did or that the Republican Party allowed it to happen. Either way I'm upset, and I'm sure many of you are as well. It seems we are outplayed at every turn by the opposing party. Now they control the House, the Senate, and the Presidency. Watch what they are able to do. Unlike the Republicans in 2016 when we controlled it all, the opposition will fall into line as they try to "remake" America.

So what are our options? Give up? Move out of our State to a more RED locale? Allow our schools to be run by liberal boards to forward their social agenda? Watch our governor giveaway our hard earned taxes via benefits to illegals? Stop building and start to dismantle the WALL? Should we sit back as China is allowed to sink her claws further into our country? Wring our hands as taxes are raised and potential corruption goes on unabated?

I think not! We fight!

We fight like we mean it and we fight like there is only one option... to win! We fight on a level playing field with the Democrats. The field the democrats have chosen and set their own rules for. Complacency is not an option.

I think we need to focus on the following goals for 2021: Voter Registration, Fixing Election Laws, Club Membership, Collaboration between conservative clubs, and FIGHTING TO WIN!

God Bless you and your loved ones,

John Murphy

**Look for a Weekday Breakfast meeting to join in political discussions on how we make our club more relevant in today's political environment.**

By Mike Richardson

Senator Patricia Bates (R-Laguna Niguel) sent a letter signed by senators of both parties to Governor Gavin Newsom last Friday evening asking him to “reclassify restaurants as essential businesses, and adopt the industry’s protocols that would allow restaurants to operate safely.”

She has co-authored the bipartisan “Keep California Working Act” that would provide \$2.6 billion to help small businesses affected by COVID-19.

She has also announced that the California Department of Housing and Community Development (HCD) has awarded Local Early Action Planning (LEAP) grants to the cities of Encinitas (\$300,000) and Oceanside (\$500,000) to help create more housing supply.

Legislation that passed last year from: <https://ad75.asmtc.org/legislation?page=0>

**SB 57: California New Motor Voter Program: Voter Registration**

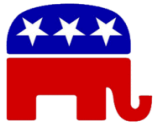

This bill would instead require a person to affirmatively agree to become registered or preregistered to vote during a transaction with the Department of Motor Vehicles before the Secretary registers or preregisters that person.

**AB 1398: San Diego Association of Governments: San Diego County Regional Transportation Commission.** This bill would prohibit SANDAG’s board of directors from changing the allocation of revenues to any component of the expenditure plan contained in the TransNet Extension Ordinance by more than an unspecified percentage unless the board adopts a resolution proposing to change the allocation of revenues in the expenditure plan, holds 4 public meetings in specified regions of the county to share the details of the proposed change, and the proposed change is approved by 2/3 of the electors voting on the measure at a special election called by the board.

**AB 2822: Worker Status: Independent Contractors: Transportation Network Companies**

This bill gives individuals greater freedom to work as independent contractors for transportation network companies (TNCs) by applying a previously-established worker classification test that is less restrictive than the Dynamex/ABC test, which was codified by AB 5 (Gonzalez) of 2019.

**AB 2876: Substance Abuse Treatment.** This bill extends the sunset date for the Supervised Population Workforce Grant Program until January 1, 2026 to ensure continued state support for job training programs, including vocational training, stipends for trainees, and apprenticeship opportunities for formerly incarcerated Californians.

# STOP THE STEAL

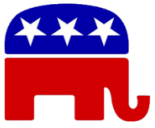

The Republican Club of Ocean Hills sponsored a "Stop the Steal" car rally in support of President Trump on Wednesday January 6th. We invited 6 different North County Conservative Groups to join us: California Republican Women San Marcos, California Republican Women Fallbrook, California Republican Women Oceanside, Carlsbad Republican Women Federated, North County Conservatives. We had people not affiliated with any group who saw our post on Facebook and joined us. We even had someone pull in behind us on the road and followed us all the way to the end and stopped and introduced themselves!

We drove from the Shoppes at Carlsbad up to and circled the Oceanside City Hall....honking all the way! We then drove down to Carlsbad City Hall and made our presence known there as well! We finished back where we started at the Mall.

In all we had 34 cars decked out in patriotic Trump gear including the Stars and Stripes! Approximately 75 people were in attendance and it was the 1st of what will hopefully be many events where our different conservative clubs come together! A special thanks to all who joined us that day!
