**CONGRESS OF REPUBLICANS**

Officially chartered by the California Republican Party

The California Congress of Republicans (CCR) is a grass-roots political organization, founded in 1989 and permanently chartered by the California Republican Party. CCR is built upon the shared Republican principles of Limited Government, Lower Taxes, Individual Liberty, Personal Responsibility and Leadership in world freedom. We agree with Ronald Reagan's position that "The person who agrees with you 80 percent of the time is a friend and an ally – not a 20 percent traitor."

California Congress of Republicans provides an opportunity for like-minded individuals who share important core values to network and socialize with each other. This camaraderie can be furthered by participating in or joining a chartered organization in their community. Because CCR is statewide and a chartered organization, its members' voices are heard at the California State Republican Party level.

CCR will have two gatherings at this Convention:

Social get together at **Anaheim Marriott Hotel bar on Friday at 4:00 pm** to meet and socialize with other CCR members.

Official CCR meeting in the **Rancho Las Palmas/Newport Beach Room on Saturday at 2:00 pm** where we will have Chapter Updates and discuss "What to expect on CAGOP 's Sunday Agenda."
