Republican Club of North County

Doing our part!

As I reflect on Trump's first 100 days in office, I think about two things..."Promises Made, Promises Kept" and "Fight, Fight, Fight!" As we have all seen, President Trump has done what he said he would do to protect our country and make us great again. We need to do the same! In California, we need to focus all our efforts on all local elections we can influence. We need to be laser focused on our local city council, state legislative and congressional races. If we want to effect change, we need to buckle down and do the hard work to get local Republicans elected. The democrats are unrelenting and never stop plotting and scheming to get their people elected. We must be vigilant and keep our eye on the ball. We have many ways to help so let's step up and do what it takes to save our state! We have expanded our Upcoming events section so that more of us can get involved and help.

God Bless America.
